

**South Fayette High School
Parent Advisory Council
2006-2007 Calendar of Events**

For 2006-2007, the South Fayette High School Parent Advisory Council has developed a series of programs to help parents navigate the sometimes murky waters of high school and adolescence. These programs are geared to present useful information in an informal setting and to invite dialogue between parents and presenters. The goal of each session is to give parents a clearer understanding of a broad range of topics that have an impact on their children's education and well-being as well effecting parents in a wide variety of ways. We sincerely hope you will consider joining us for any or all of the scheduled programs. For more information, please contact any of the following individuals:
