Food Allergies

Food Services at SFTSD makes every attempt to identify ingredients that may cause allergic reactions for those with food allergies. Foods containing peanuts or tree nuts are not served in our K-5 meal program. Foods with possible allergen-containing ingredients are labeled, however, due to the way our food is prepared—including shared kitchen spaces and supplier ingredient changes—we cannot guarantee that any item is completely free of allergens or cross-contact. Families concerned with food allergies need to be aware of this risk.
