& Lactaid (included with all meals)

ALL Meals come with Milk included in the Price of the Meal

MILK SUBSTITUTION RULE:

During the 2010-2011 School Year - USDA Regulations 7CFR Part 15B addressed the fluid milk consumption of students. If a student has milk intolerance – Lactose Intolerance: PDE does not recognize this as a life threatening allergy but as sensitivity– therefore we will offer Lactaid as a replacement at no addition cost. Parents can request that the child be able to purchase a 100% juice box (\$.75cents) or water (\$.55cents) as an a la carte item in addition to the price of the meal. Students with **life threatening allergies** are required to fill out 504 paperwork for a Medical Plan of Care for School Food Services (this would be for a food allergy/"protein allergy"). Questions: Call 724-693-3019 Tricia Wood
